APRIL 2020 UPDATE

Dear Stitches,

Signs of spring are starting to appear all around us in the Laurel Highlands -- bright blooms, the return of robins, and warmer days. It's time to say good-bye to the dreariness of winter, and say hello again to spring!

April 1, 2020 marks our 40th year in business. We had planned to have a month filled with a workshop weekend retreat, classes and birthday celebrations. However, the challenges of the COVID-19 health emergency requires us to temporarily adjust our shop hours in order to keep everyone safe. We have rescheduled our birthday celebration, Spring Break and LYS Day and encourage everyone to knit and crochet in the calming, creative comfort of their own homes.

Our doors may be closed to walk-in customer sales for the time being, but we are still available by phone or e-mail ([kathy@kathys-kreations.com](mailto:kathy@kathys-kreations.com)) for mail orders or to arrange curbside pick-up. We have exciting yarn, stitching tools and accessories in stock for your knitting and crocheting pleasure while at home during social distancing. We can help you keep your needles and hooks moving!

\*\*\* GREAT NEW STUFF \*\*\*

If, like us, you're coping with these uncertain times with an abundance of at-home knitting and crocheting, we've got new suggestions for your DIY line-up. To help you get inspired, we've rounded up a handful of projects and tools for some much-needed diversion. Together, let's take it one day at a time, one stitch at a time. Here are a few of our favorite distractions:

We planned to celebrate our 40th year in business close to the actual date (April 1 -- no foolin'!), but have decided to mark the occasion throughout the year during our special events. 40 years together with our fantastic customers is a great reason to celebrate! We will have rescheduled our birthday party for Saturday, September 12, 2020, on LYS (Local Yarn Store) Day!

Yarn dyer extraordinaire and friend Veronica Van of DREAM IN COLOR YARN designed a special colorway to commemorate our ruby anniversary. Kathy never needs an excuse to go with red, and is very pleased with the yarn that Veronica came up with just for us. Thanks to a name suggestion from our KAL friend Dot G, the shade is called "Ruby On Main & The Diamond" (think Beatles' song *Lucy In The Sky with Diamonds*). We love this classic shade and have it available now in luxury yarn bases "Jilly with Cashmere" (\$32.50, 4 oz., 440 yards, 70% superwash merino/20% cashmere/10% nylon, CYCA #2) and "Cosette DK" (\$32.50, 4 oz., 270 yards, 70% superwash merino/20% cashmere/10% nylon, CYCA #3). Kathy has been hard at work during her creative cocooning, designing an elegant textured scarf design which will be available next month (swatch shown upper left). The yarn, however, is available to purchase now. Receive a free pattern with purchase of this yarn -- *Mia Cowl* or Kathy's *Just One More Row* for "Jilly With Cashmere", OR Kathy's *Into The Woods* for "Cosette"...

We're thinking that our avid sock knitting fans are making lots of socks these days -- what an entertaining and practical project! We have several new color packs of "Zauberball" and "Zauberball Crazy" sock yarn (\$24.50, 100 grams, 75% superwash wool/25% nylon, 462 yards, CYCA #2). Seeing the twists and shifts of color as you progress will help hold your interest and ensure that you will make that second sock! Did you know that "Zauberball" means magic ball in German?

Give your fibers what they deserve! We have whimsical Easter bunny "Yarn Cozy" covers from BUFFY ANN DESIGNS to snuggle your balls of yarn, keeping them clean and safe from curious pets (\$13.50 pkg. of three, shown lower right). The "sock" stretches around your yarn and hugs down to the last wee bit, keeping it tangle-free throughout your project. Works with inside and outside pull balls...

ADDI "FlexiFlips" are specially designed circular needles that rest comfortably in the hand, and act as flexible double-pointed needles. Cast on to an effortless new method of knitting socks, cuffs, hats, and many other projects which are worked in the round, with the ADDI "FlexiFlips" (\$24.50 short length; \$30.50 new longer length in larger sizes). Easy to use, stitches are simply distributed over two needles, and then knit with the third, resulting in only two needle changes per row...

OK, so you are knitting down your stash these days, but the right tools make the stitching more pleasant! We have new supplies of LEE highlighter tape in a rainbow of shades (\$6.95), a large selection of CHIAGOO stainless steel red lace knitting needles, and FIBER TO FABRIC MAGIC "Needle Keepers" (\$8.50) to corral your needles and protect your stitches...

\*\*\* MORE GREAT STUFF \*\*\*

Remember all those mornings when it was hard to wake up and get going? When you wished you could just stay home, park yourself in your favorite comfy stitch spot, and watch a Hallmark movie while curled up with a new knitting or crochet project? Well, chances are good, one way or another, that day has arrived for you, as it has for many of us.

There might just be a way to kick back and relax, and enjoy some of the better things that staying at home has to offer. You know, besides sleep. Our saving grace is that we knit and crochet -- creative cocooning to help us put everything out of minds for a little while. How about this?

We have heard from customers who are using extra time at home to pick up knitting or crochet after a hiatus. Sandy D is comfortable with crochet, but wanted to hone her knitting skills again. She asked us for suggestions on "something easy" in simple knit and purl". We love CHURCHMOUSE CLASSICS "First Projects" and "At Home" series -- easy, well-written patterns that are beginner-friendly. By the way, these are great designs for that window of opportunity to teach kids at home how to knit or crochet! The "Learn to Crochet Companion" and "Learn to Knit Companion" (\$15.50 each) will help you learn the skills needed to get started. A colorful Easter basket filled with yarn and needles/hooks would be a gift that keeps on giving and a do-able fun activity for everyone in the household. While you're at it, you could even CROCHET the basket!

- CROCHETED BASKETS (\$6.50, shown upper right) These simple single-crochet baskets are useful in the kitchen, the bathroom, by the bedside, and on the sailboat (after all, they're unbreakable!). Our crochet instructor, Karen V, uses her small basket to hold her cake of yarn while she makes the next one! There's no end to the uses you'll find. And they make great gifts, too!
- GARTER STITCH SCARF AND SIDEWAYS HANDWARMERS (\$7.50) This is the perfect first project, as simple as it gets -- just knit, knit, knit! When you turn the garter stitch on its side, the little ridges create a ribbed effect that is nice and stretchy, making the handwarmers easy to fit, with just a wee bit of seaming around the thumbs. Handsome on men and women alike, these easy pieces make great go-to gifts. A luxury yarn makes them extra special; a hardy yarn makes them super-practical. Either way, they'r cool!
- RIBBED BEANIE & HANDWARMERS (\$7.50) These projects will teach you to work in the round using two different methods. For the beanie, you'll use a short circular needle. As you begin to decrease for the crown, you will need to change to double-pointed needles -- great practice for the handwarmers!
- STOCKINETTE STITCH COWL & HANDWARMERS (\$8.50) We love the smooth finish of stockinette stitch. It has an elegance and a softness that can't be matched. The slight rolling at the edges is part of the charm of stockinette stitch. If you're used to working stockinette stitch back and forth (knit a row, purl a row), you'll be delighted when you begin the cowl. Working in the round, the knit side is always facing you, so you get to just knit every round!
- PICOT-EDGE BABY BLANKET & WASHCLOTH (\$6.50, show lower left) This easy pattern is based on the washcloth pattern our grannies used to make. We've added a pretty picot edge to dress it up, but you can leave it unadorned if you like. The washcloth makes a nice shower or housewarming gift tied up with a bar of soap. Or make up several for the local food bank. We will be accepting donations of green dishcloths again for our Thanksgiving tree again this year -- this is a perfect time to start. This blanket or washcloth is worked diagonally from one corner, increased to a triangle midway, then decreased to the opposite corner. For a grown-up throw or afghan, just keep on knitting! Choose DK, worsted or chunky weight and let's get busy with that yarn therapy!

\*\*\* APRIL 2020 KNIT-ALONG (KAL) \*\*\*

We will be doing even more long-distance knitting alone as we each knit along remotely from home this month. We found a great project that seems fitting as we are getting through this trying time together, *Good People* by Laura Dobratz (available from Kathy's Kreations Ravelry Pro, \$6.00). You can order the pattern from us and we will have it downloaded into your Ravelry library or send it to you via e-mail.

Since a lot of good people can't come to the yarn shop, we invite you to join us in casting on this lovely wrap (shown upper left). Designer Laura tells us: "*Good People* is an easy knit, rectangular wrap knit on the bias. It's simple to knit and easy to memorize. So go ahead and cast it on then, pour yourself a beverage, watch a movie -- it's that kind of project".

Choose 1200 yards of fingering weight in 2 contrasting color of fingering weight yarn from our shelves and join us for a fun project. Since you can't join us in person, follow us on the Ravelry April 2020 shop thread at "We Love Kathy's" and like/follow us on Facebook at Kathy's Kreations Ligonier, PA...

\*\*\* UPCOMING CLASSES (please call 724-238-9320 to register for all classes) \*\*\*

**PLEASE NOTE: CLASS IS SCHEDULED TENTATIVELY AND WILL BE DEPENDENT ON HEALTH SAFETY CONCERNS AS RECOMMENDED BY THE COMMONWEALTH OF PA DEPT OF HEALTH**

Our continuing knitting class series based on books by Michelle Hunter and taught by instructor Karen McCullough continue. Take your knitting to the next level with new skills. *Building With Lace* has been postponed and re-scheduled for **Tuesday, May 5, 2020; 9:30 am - 12:30 pm** and focuses on *Nupps*. A nupp is a textured stitch with its origin in Estonian Lace. Nupp" (rhymes with "loop") is the Estonian word for "button" or "knob". Commonly worked into designs as berries or flower buds, nupps add old world charm and interest to any fabric. These bobble-like nubs grace the most sophisticated and envied of all lace patterns. Class registration is \$20.00 for the class plus purchase of book and yarn from Kathy's Kreations.

AND, improve your knitting skills one square at a time with *Building Blocks*, designed to help knitters navigate through major knitting techniques and principles. The recommended yarn is HiKOO "Simpliworsted", a lovely blend of superwash merino and premium acrylic/nylon that is very soft and durable. We continue the lessons by learning to make *Slip Stitch*. Unless otherwise stated, a stitch is slipped as if to purl with yarn in back (wyib). This allows the slip stitch to sit correctly on the right hand needle with the working yarn hidden on the wrong side. In this block however, all stitches are slipped as if purl with the working yarn held in front (wyif). Moving the working yarn to the front as you slip the stitch makes for an interesting and decorative design element, and is one of the (otherwise stated) exceptions to the slip stitch rule. The class is scheduled for **Tuesday, May 5, 2020, from 1:00 pm - 3:00 pm**. Registration fee is \$15.00 plus purchase of book and yarn from Kathy's Kreations...

\*\*\* QUESTION \*\*\*

Dixie D writes: "I have a question for color changing when knitting. I am using up my small balls of leftover sock yarn to make a tube scarf in the round. Would locking in the old color (carrying it behind every other stitch for 3 - 5 stitches) hold it without having to weave in ends or tie knots to secure it from loosening up? There seems to be so many different opinions on the Internet. How do you do it?"

Kathy answers: You can try the weave in as you go "over/under" technique (hold the old yarn up in back catching it behind the new stitch, then holding it down behind the next new stitch. Depending on your project yarn, this can look very neat or it can result in a noticeable thickness. If it does not look neat, try weaving the yarn in on the wrong side with a tapestry needle using duplicate stitch on the wrong side of the work...

\*\*\* PENNSYLVANIA ROAD TRIP MYSTERY SHAWL KNIT-ALONG \*\*\*

A fun new knit-along among PA yarn shops (and beyond) kicks off on LYS DAY Saturday, April 25, 2020 and runs through the end of August! Your "tour guides" are Cynthia Spencer of REALLY CLEAR DESIGNS / STITCH YOUR ART OUT and her techy friend Valerie Reed who have designed an exciting new shawl that you can combine with retail therapy by visiting local yarn shops! They are both experienced knitters with a love of beautiful yarn, local yarn shops, and the wonderful community of people that share our love of knitting. They have decided to take inspiration from the things they have seen and experienced while living and traveling in their home state of Pennsylvania to make a stunning shawl with a variety of stitch patterns. Every stitch pattern they've included is inspired by a shape or pattern or color they've seen in the beauty that surrounds us all.

PA ROAD TRIP MYSTERY

Cynthia writes: "It's the first in what I hope will be many road-trip mystery shawls. This one's called Pennsylvania Road Trip. We've had so much fun thinking about all the places in PA we'll be 'visiting' as we work the clues of the shawl. Although we were inspired by PA locations, I promise you that the stitch patterns will look good in any part of the knitting universe! (Also, it's fun to learn about PA's quirks no matter where you live. We'll be covering the state from yinz to wudder.)

We're going to award prizes at each clue for customers who take photos of their shawls at any LYS. Our objective is to get people *into shops*." The website is <https://roadtripmystery.com/>

A "packing list" of needed items will be made available on April 10, 2020 so you can gather your supplies and the first clue begins on April 25, 2020. The projects uses fingering weight yarn and Kathy's Kreations will special order kits for you from MEADOWCROFT DYEWORKS "kits" (PA Railroad, shown upper right). You can view the colorway options at the road trip mystery website. There has been an unusually high demand for the kits. The guys at MEADOWCROFT DYEWORKS have been working hard to accommodate and fulfill the many requests. We will be doing this fun project as our spring and summer knit along, as it will take place over several weeks. Each leg will contain two options for the next section of the shawl (one designed by Cynthia, the other by Valerie), setting up every knitter for a grand choose-your-own knitting adventure.

We have received questions about what size needles. We're not sure -- it's a mystery, right? From visiting the pattern information posted thus far, you will probably need to use between a size 4 and 6 circular knitting needle, depending on your gauge. You'll probably want to start with a 24" - 32" length but at some point will need a longer length. Obviously, checking gauge matters!

Cynthia and Valerie have designed a lovely shawl with a variety of stitch patterns inspired by the sights and wonders of PA. The trusses of a bridge, a beautiful flower, the winding trail up ahead -- just about anything can be inspiration for making something beautiful. Each option is a creative tribute to a national landmark, historical event, or region that can be encountered on a Road Trip around the great Commonwealth of Pennsylvania. So what's the mystery? Where we'll go next, of course! The pattern will be released in sections and is available at Kathy's Kreations via Ravelry Pro for \$1.99 until April 26, 2020 at which time it will begin to increase in price, so let us help you get started now -- knit along with us on this grand knitting adventure!

Whether you stop in to take a class or visit us during the PA Mystery Shawl Road Trip when we are able to re-open once restrictions are lifted, Ligonier Country Market or Night Market, a Girls' Day Out Trip, the Steel Valley Yarn Crawl, or for a much-needed mini-getaway later this summer or fall, we think Ligonier is a happening place and always like a refreshing step back in time!

\*\*\* CHAR'S CROCHETED BABY BLANKET \*\*\*

Our KAL knitting friend Charlene F has finished a crocheted baby blanket while at home (shown upper right). This is a pattern she made up when doing Project Linus blankets. She alternates single crochet and double crochet throughout. She plans to add a gender-neutral edging when the baby arrives. She tells us: "This is when stash comes in handy!" Indeed! MATERIALS: smaller blanket approximately 800 yards sport or DK weight yarn; US size E crochet hook OR for a larger blanket, 600 yards worsted weight yarn and US size G crochet hook.

NOTE: Use a smaller or larger hook depending on whether you would like a delicate or firm gauge. Adjust hook size to get desired fabric -- this may require more yarn yardage!

FINISHED SIZE: 30" X 30" for sport weight; 36" X 36" for worsted weight

GAUGE: approx. 4 chains = 1" for sport; approx. 3-1/2 chains = 1" for worsted

DIRECTIONS: Chain 126 and begin in the 2nd chain from the hook. Chain one and turn.

Alternate single crochet and double crochet across the first row. Chain one and turn.

On the next row and remaining rows, work single crochet into the double crochet space from the row below and double crochet into the single crochet space from row below.

When the blanket reaches the desired length, add a single crochet border around the entire blanket. You can keep this as your edging or add a ruffle or shell to the single crochet base.

Here are the details:

### \*\*\* FALL FLING WEEKEND 2020 \*\*\*

Kathy's Kreations invites you to join us our 11th annual "Fall Fling" Knitting Workshop Weekend, to be held **October 2 - 4, 2020**, hosted by Kathy Zimmerman. We are delighted to announce that TKGGA-certified Master Knitter and Technical Editor, Kathy Erhard of Export, PA will be our featured instructor (Kathy's photo upper left).

### CLASS DESCRIPTION

Kathy will be teaching a nine-hour knitting workshop at the Ramada Inn in historic Ligonier, PA, with the topic *Twisted Knitting*. Travel back in time to 18th century Europe, to a valley located on the border of Austria and Germany, where the knitting tradition known as Twisted-Stitch Knitting was born. Resembling cables, Twisted-Stitch patterns comprise twisted knit stitches traveling diagonally across a purl background to create a captivatingly textured fabric.

In this class, you will learn about the origin and history of this tradition, characteristics of and methods for creating the stitches, and swatch several different stitch patterns. Traditional twisted-stitch patterns are represented graphically. This class takes a look at both historical representations of stitch patterns as well as current methods. You will learn all the skills you need to knit any charted twisted-stitches pattern, however, the *Bavarian Byways Beanie* project (shown lower right), which we will cast on and work in class, contains both written and charted instructions.

### WEEKEND DETAILS

The weekend package includes an after-hours Soup & Sliders party and special shopping time at Kathy's Kreations (Friday evening); an informal meet & greet on Friday evening to get acquainted; an optional Friday evening knit-along; morning coffee breaks and two lunches at the Ramada; classes Saturday and Sunday; extended lunch break on Saturday with time to shop in the pretty little town of Ligonier and goodie bags (includes yarn for class project).

Registration is \$250 per person. Overnight lodging is not included and is optional for local participants. The Ramada has set up a special rate for us, so please make your own reservations by calling 724-238-9545. Space is limited on a first-come, first-served basis, and the workshop is already more than half-filled. Please e-mail or call Kathy at 724-238-9320 for more information.

Private knitting and crocheting lessons will be once again available by appointment after we receive the "all clear" to return. Kathy's Kreations has been the helpful hands of experienced knitting for 40 years!

Stay safe, keep your distance, wash your hands, remain calm and remember, no one is more prepared to deal with staying at home than knitters and crocheters! KEEP KNITTING AND CROCHETING! Kathy
