JANUARY 2015 UPDATE

Dear Stitchers,

Now that the holiday gift-stitching frenzy is over, what's next? Let's break out the woolens and warm layers! It's the perfect time of year to wind down, look forward to what 2015 holds, and, of course, sneak in some "me" knitting and crocheting. Winter cold snaps have us reaching for our needles and hooks even more than usual. Cozy up and plan to make something special for yourself in the new year.

What better way to meditate on resolutions than by making traditional winter wardrobe staples like a toasty hat, texting mitts, or trendy poncho? At Kathy's Kreations, we're using texture, color, and clever twists on basic silhouettes in must-make garments and accessory designs. January is all about creating a bright escape from chilly winds and keeping warm.

Who doesn't need a luxurious "fireside" sweater when winter surrounds us? It's downright essential! TAHKI yarns tells us: "One look that has been enjoying some prominence this season is the mock-ish turtleneck. Falling somewhere between a standard T-neck and the shorter mock-T, the look is a touch more casual and feels less restrictive than the familiar neck-hugging version".

Quick accessories like chunky infinity loops are very popular right now -- we have a new supply of bulky yarns that are ideal for cowls, scarves and loops, plus fresh ideas for what to make with them. Kathy has designed an original cowl pattern knit with TAHKI YARNS "Zona" on page 5 to inspire you. Bulky yarns are on sale all month long. Don't hibernate -- create!

*** GREAT NEW STUFF ***

There's a comfortable, satisfied feeling that comes from making sweaters and accessories that are both beautiful and functional -- these aren't dressy or finicky pieces, but garments and accessories that feel homey and relaxed, familiar. This winter, we've brought together a cozy, casual collection of project ideas and yarns that represent the kinds of things that we really wear in everyday life. It's a rare thing in a culture that values speed and disposability -- our crafts are methodical, meditative, and thoughtful. Its gratification is delayed. But we do it for the joy of making wonderful things with our own hands, adding usefulness and beauty to the world with every stitch. Knitting and crocheting are what you make it, so make it an adventure! Your next stitching adventure starts here...

Knitter's Magazine K117 (\$6.95) was inspired by panels and patches. Editor Rick Mondragon tells us: "You'll find garments that combine lovely yarns, flattering colors, and worthy stitch work. Some are quite straightforward and simple, others involve clever construction or detailing, and a few challenge you and advance your skills with new techniques or approaches".

We are pleased to announce Kathy's design trio is featured in this issue, adding some orange punch in spicy combinations. Rick says: "Orange is the new black. No, I am not talking about a TV show, but a fashion trend confirmed by a friend's recent expedition to Paris where it is the power color in many designer boutique windows. Mannequins are clad and accessorized in orange -- not the pure hue, but variations of it". Saffron and cumin accents frame a cayenne-colored textured pullover for *Spice Trade*, with its panels of ribs and cluster stitches separated by cables (shown upper right, page 3). This contemporary classic Aran-influenced sweater was knit with KNIT ONE, CROCHET TOO "Sebago" (\$7.95, 50 grams, 146 yards, 100% Australian superwash merino wool, CYCA #4), now in stock. *Blocks a la Carte* (shown lower right) joins simple basketweave panels worked in two colors -- and two directions -- with a garter band in yet a third color to mix it up. This elegant play on color blocking uses earthy colors of HiKOO "SimpliNatural" (\$24.95, 100 grams, 183 yards, 40% baby alpaca / 40% fine merino wool / 20% mulberry silk, CYCA #4). Last but not least, *Carved Cedar* (shown upper left) lets solid-colored texture take center stage in a classic silhouette. Cables twist and shift along the length of this sculptural pullover. This issue will help you learn a trick or two, push your color limits, and practice skills -- go for it!

Swatches are magical, as we all know! They can offer insight into a finished fabric and even predict success or failure in a future garment. KNITTER'S PRIDE Needle View Sizer (\$3.50) is valuable not only for checking needle size, but also for the magnifying bar that measures a 4" X 4" or 10 cm gauge. It's easy to use -- no more excuses not to check gauge!

Sweater coats and ponchos are the perfect layering items to protect against fluctuating temperatures. They are cozy and blanket-like, in a simplistic way. Some drape nicely and give a new look to any outfit. Wrapping a sweater coat with a leather belt creates a modern look. These garments are also a great way to incorporate pattern texture into your wardrobe. Choose a style that feels good on you.

What's on our knitting needles? The sigh-inducing softness, luscious drape, and rich shades of DREAM IN COLOR "Classy with Cashmere" (\$30.50, 100 grams, 200 yards, 70% superwash merino wool / 20% cashmere / 10% nylon, CYCA #4) has inspired Kathy to knit her perennial favorite, CHURCHMOUSE CLASSICS "Easy Folded Poncho" (pattern \$5.50). This project is perfect to knit while travelling, visiting with friends, or when taking a break in between other more complicated projects. Who doesn't love the simple pleasure of stockinette in a delicious yarn?

*** MORE GREAT NEW STUFF ***

TAHKI YARNS "Knit Essentials" (\$18.50) is this season's collection of want-to-knit silhouettes in TAHKI's all-natural, all-American attitude signature styling. Fashionable without being overly-trendy, the 22 classic knit designs feature timeless TAHKI yarns in pullovers, tunics, vests, jackets and cardigans plus plenty of accessories, especially cowls. Our favorite is the "Confidence" Pullover, a comfy raglan pullover featuring side slits and a boatneck collar that adds to its relaxed look. Ask to see our shop model in progress. Shown at lower left in "Zona" (\$8.50, 50 grams, 119 yards, 35% cotton / 28% wool / 26% acrylic / 11% nylon, CYCA #5), is a trans-seasonal cotton wool blend in marled colorways, with all shades now available on our shelves. See page 5 for Kathy's original cowl design using this beautiful new yarn...

ARAUCANIA YARNS are inspired by the long-respected ancient South American crafts made from handpainted natural yarns. Each hank is different! Its individual beauty emerges as artisans blend color in the kettle to create several unique shades. These beautiful tonal, tone-on-tone, and multi-colored natural hand dyed yarns employ traditional dyeing techniques and wool production. "Huasco" (\$25.50, 100 grams, 454 yards, 100% extrafine merino wool, CYCA #2) is a hand dyed, fingering weight yarn made from extra soft merino wool. It comes in beautiful, vibrant, unique color combinations that compliment each other well. This would work up into a stunning shawl showcasing the rich colors of each single skein...

Peru's heritage and culture of textile artistry is one of the richest in the world. MIRASOL YARNS "Ushya" (\$18.50, 100 grams, 114 yards, 98% merino wool / 2% polyamide; CYCA #6) has a chainette construction, which gives it bulk and loft while remaining light and fluffy. The air pockets created by this unique construction will keep you warm. With a suggested super bulky gauge of 2 - 2.5 stitches per inch, you'll be able to finish projects quickly...

Season after season, we look to the BERROCO brand for imaginative, beautiful, comfortable yarns and innovative patterns. Whether you're just getting started or have knitted/crocheted for years, BERROCO YARNS can always be trusted to spark your creativity with reliable results. Two new season-spanning yarns have just arrived -- "Modern Cotton" and "Indigo". "Modern Cotton" (\$8.50, 100 grams, 209 yards, 60% pima cotton / 40% Modal rayon, CYCA #4) comes in a palette of soft neutrals and cheerful brights. It is a blend of Pima cotton and Modal rayon with a soft hand, beautifully twisted to showcase stitch details. Jeans-friendly "Indigo" (\$11.50, 100 grams, 95% cotton / 5% other fibers, CYCA #4) is made from recycled denim and cotton, perfect for casual sweaters...

Attention, sock mavens! We have recently received new shipments of LANG "Jawoll Color" (\$16.50, 100 grams, 460 yards, 75% superwash wool / 25% nylon, CYCA #2). This self-striping classic "workhorse" sock yarn has been tried, tested, and approved for many years. Each skein includes a spool of heel reinforcement yarn to strengthen the life of your socks...

Heathery tweeds are popular right now, and we have new shades in two marvelously soft yarns that do not disappoint. ROWAN "Felted Tweed DK" (\$12.95, 50 grams, 91 yards, 50% wool / 25% alpaca / 25% viscose, CYCA #3) is a wonderfully tweedy yarn with a slightly felted appearance. The rustic color palette makes this yarn ideal for fair isle, striping and other color work. ROWAN yarn masters have worked their magic to create an Aran weight to bridge the gap between DK and Chunky. "Felted Tweed Aran" (\$13.95, 50 grams, 95 yards, 50% wool / 25% alpaca / 25% viscose, CYCA #4) is the latest addition to the Felted Tweed family, perfect for jackets, sweaters, hats, scarves and other accessories...

*** JANUARY 2015 DREAM CLUB ***

In September 2014, we introduced Dream Club, a monthly yarn club that is brought to you by DREAM IN COLOR YARNS. Each month features a pairing of a unique hand-dyed colorway with a pattern that will showcase that month's yarn. The projects all use a single skein, some in special yardage put-ups exclusively for these designs. New project kits will arrive during the first week of every month through February 2015, all spun and hand-dyed in the USA. This exclusive event is only available through participating local yarn shops like Kathy's Kreations. This month's yarn and colorway are perfect for lifting your spirits on a cold winter's day.

The yarn selection is "Starry", an exquisite blend of 98% superwash merino / 2% lurex. This is the same great yarn that you love as "Smoochy", but with a fun hint of sparkle. Tiny silver fibers are spun into the yarn to give your finished project a special gleam. The unique put-up for this offering is 4 ounces / 450 yards. This month's project is "Salista" socks by Andi Smith, who has designed a stunning pair of lace socks. The socks, knit on two circulars, highlight the silver sparkles and deep blues and purples of January's colorway. Kits sell for \$33.00.

We have designated "Dream Club" as one of our Friday knit along projects. If you can't make it to our Friday knit alongs, please keep up to date with postings to our "We Love Kathy's" group. There is also a "Dream Club" group on Ravelry with projects and special information. Let the knitting fun continue...

*** PROBLEM SOLVING ***

Need to repair an off-white heirloom garment or item like a baby blanket, and the yarn is no longer available? Eleanor Swogger suggests hand-dyeing a natural yarn with different types / brands of tea (red, black, green, etc.) to achieve a vintage-looking shade. Experiment until you are satisfied with the shade, then set with hot water and white vinegar...

Placing buttonholes evenly:

- 1) Take a strip of no-stretch string or a piece of paper exactly the length of beginning and ending points for the buttons.
- 2) Fold the string or paper into four equal segments.
- 3) Mark these four segments with a pen or pencil and hold the string/paper up to the knitting.
- 4) Place markers or pins where the buttons are to be placed.
- 5) You can also mark the string or paper with size of button to know how big to make the buttonhole.

Note: Don't make the buttonholes exactly the same size as your buttons, Make them a little smaller if possible so that the buttons will stay in the hole. *Knitting Daily, 6/17/2011*

*** A SPRING THING AT KATHY'S KREATIONS ***

Join Kathy Zimmerman for a day-long event at Kathy's Kreations on **Saturday, May 16, 2015!** Kathy will present techniques for working pattern stitches based upon a multiple of 3 – textured patterns in the 3-hour morning session (see lower right), and colorwork patterns in the 3-hour afternoon session. The student will have a "hands on" opportunity to knit samples of each, and learn new skills such as central double decreases, multiple stitches from one stitch, broken stripes, working multiple increases and decreases, slip-stitch knitting and much more. Learn to place a bit of texture, a band or a panel of a pattern into an unadorned sweater or accessory to create your own "original". Registration fee is \$35 per session. Early bird registration before March 31, 2015 is \$60 for both, with early-bird registration for both sessions including a light lunch. Space is limited, so please reserve early. For additional details, please contact Kathy at 724-238-9320 or e-mail kathy@kathys-kreations.com

*** COLOR OF THE YEAR 2015 ***

Since 2000, the Pantone Color Institute has designated a Color of the Year to express a shade that reflects around the world. The selection of this shade is more than simply a fashion statement, but it is a color that crosses all areas of design, expressing mood, emotion and attitude of consumers.

Marsala, the Color of the Year (shown upper left), according to Pantone, is: "Much like the fortified wine that gives Marsala its name, this tasteful hue that embodies the satisfying richness of a fulfilling meal, while its grounding red-brown roots emanate a sophisticated earthiness. Complex and full-bodied, this hearty, yet stylish tone is universally appealing; translating easily to fashion, beauty, industrial design, home furnishing and interiors". Look for this shade to pop up everywhere as we go forward into 2015.

Why Marsala? From Pantone: "Equally appealing to men and women, Marsala is a stirring and flavorful shade for apparel and accessories, one that encourages color creativity and experimentation". Why not choose a yarn in this timely color for your next project?

*** KNITTING TIPS ***

Loose stitches or gaps on the first round are common when knitting in the round. You can easily fix these problems by pulling the yarn tail when you go back to weave in loose ends...

For self-striping yarns: When beginning the second ball of yarn, start with the end of the ball that will result in the colors reversing back to the beginning color.

*** KATHY'S SLOPESIDE COWL ***

If you love openwork that looks far more complex than it really is, Kathy has designed this beautiful-but-easy cowl in cotton/wool blend TAHKI "Zona". For an infinity loop, cast on twice as many stitches or somewhere in between using a multiple of 6 sts. Be sure to purchase more yarn, if you make this larger. We'd love to hear from you on our Ravelry group, "We Love Kathy's", if you choose to work on this project. Please keep us posted and stay warm!

*** KEEP YOUR SWEATERS LOOKING GREAT IN SWEATER WEATHER ***

Most fibers, whether natural or man-made, need special attention to guarantee that your hand-knit sweater keeps on looking super for several seasons to come.

- Fold your sweaters: Don't hang them. That will result in a larger sweater or a mis-shapen profile.
- Remove pills from sweaters regularly: Pilling is caused by rubbing during wear. Purchase a hand-held de-pillor or a small electric shaver made for this purpose. Or, pick them off by hand.
- Remove dandruff, hair and lint regularly: Purchase a baby's or child's hairbrush. The softness will enable you to quickly brush off these sorts of unattractive sweater companions.
- Repair the sweater quickly: If a button falls off or a small hole appears, repair the sweater the moment you discover it. If not, the hole may get bigger or you might just shove the sweater into the back of the closet.
- Wash most sweaters by hand: Unless the yarn label tells you to machine wash, never do so. Woolen sweaters should be washed by hand using EUCUALAN or a gentle soap solution. Do not use WOOLITE or other detergents as this could weaken the fiber. Use lukewarm or cool water. Turn it inside out to wash, and do not wring.
- Store sweaters carefully: Do not use moth balls. Use cedar, mixed herbal sachets or dry bay leaves between clothing layers.
- Wash any sweater you put away for storage: This is important to avoid a free meal for moths.
- Store sweaters dry: Whether you are storing your sweaters for a season or a few days, never put a sweater away damp. This will encourage the growth of mildew or mold, which cannot be removed. It may also spread to surrounding clothing and will smell bad.
