JULY 2014 UPDATE

Dear Stitchers,

Although southwestern PA is deep in the sun-drenched, hazy, lazy days of July with sidewalks sizzling and air conditioners humming, summer projects are calling! Take a second to recall that Fall is just around the corner -- and while you may not want to cast on thick wooly knits during a heat wave, there are a multitude of enjoyable summertime projects to take you on a refreshing stitching journey sure to beat the heat. Give yourself the luxury of a fast, warm weather knit like a tank or tee top to be worn right away -- one that can be stitched easily while daydreaming in the sun.

At Kathy's Kreations, we're zeroing in on accessories -- this hot trend shows no signs of letting up in popularity! Knitters and crocheters young and old, new and experienced, love a great wrap or cowl. These small, manageable projects give you the opportunity to explore different, unique stitchwork techniques like lace and openwork, and make a perfect gift for yourself or someone you love. Not only are they great learning experiences, but the end results are gorgeous, wearable, and will never go out of style! However, it's never just about the projects themselves -- choose a lovely, lightweight yarn with drape like cotton, linen or silk for easy, carefree layering. Last month's Knit-Along group is raving about the "Birthday Cake Cowl" worked with PLYMOUTH YARNS "Kudo" silk, cotton & rayon self-stripping yarn -- betcha can't knit just one!

Let us help you connect the dots between fashion, individuality, and the joy of making things by hand. Our latest collection offers creative possibilities that work with diverse lifestyles and a variety of skill levels -- beginner, advanced, knitters and crocheters alike. You'll find projects with substance, needleart with interest and tangibility, and stitching in the spirit of fun. Let's fall in love with knitting and crocheting all over again...

*** GREAT NEW STUFF ***

As summer gets into full swing, do you find yourself wanting to knit or crochet smaller projects? Blame it on the gorgeous weather -- it makes sense to want something short and sweet to make. Naturally, summer accessories and wearables are stitched in light-weight yarns and looser gauges. Shawls, wraps, scarves, and shells are all great projects that can be off the needles / hook and onto your shoulders in a week or so. If socks are your favorite take-along summer project, men's socks in self-striping or colorful patterning are a very hot trend -- the guy in your life will love them! We hope our latest designs and yarns will inspire and get your creative juices flowing for the rest of the summer...

Interweave Crochet Summer 2014 (\$7.99, shown upper left) features 21 stylish projects that celebrate the fun of summer. Explore seven kinds of lace with projects that range from an easy Bruges lace bandanna to a challenging filet crochet shawllette, faerie lace, and even an openwork tunic. Light up your summer with awesome crocheted pants and shorts, and a stunning granny square dress. Our favorite feature is the article on hand-dyed blooms, exploring several hand-dyed yarns and how to incorporate them into your projects. We love the plump little flower pattern used to illustrate the effects of color change on crochet fabric. Our own Marilee Roney will be here on Sunday, August 3, 2014, during the Steel Valley Yarn Crawl to share ideas for embellishing accessories with knit & crochet. This issue has all the crocheting you need to keep cool this summer...

Gorgeous tonal colors from DREAM IN COLOR really shine in their new yarn, "Jilly" (\$22.50, 113 grams, 440 yards, 100% merino wool, CYCA #2). Hand-dyed in the USA, "Jilly" is a deliciously rich, fingering weight, super-soft 100% superwash merino wool yarn that takes the dye deeply and beautifully. This single-ply yarn makes fantastic shawls, cozy socks, exquisite scarves, and light-weight sweaters in designs spanning very simple to intricate lace.

Is everybody excited for this year's Dream Club? If you aren't, you should be! This is a wildly popular yarn club, exclusive to yarn shops, in which a specially-dyed, unique luxury yarn colorway is paired with a pattern created by well-known designers showcasing that yarn, only for one month. The patterns are all single-skein projects. The yarn and patterns will be a surprise until they are shipped. Dream Club 2014/15 starts here the first week of September -- ask us how you can join in the fun with a six-month subscription or with our knit-alongs. We are looking forward to the unveiling...

Knitter's Magazine Summer 2014 K115 (\$6.95) features heart-racing knits to help you shift into warm weather -- combining yarn and technique for rewarding experiences and lovely results. In his editorial, Rick Mondragon tells us: "Multi-color yarns entice! We fall in love with them, take them home, and often meet with frustrations as we try to manipulate them into something special. Without a master plan, they can stack and pool uncontrollably, with both pleasant and unpleasant results. We offer primers and projects to get you thinking about how to make the most of these alluring yarns".

From a pair of entrelac scarves in self-striping yarns to ridgeline cowls using hand-dyes, this issue may shift the way you approach your knitting, using techniques with little twists and turns. There is lace for everyday wear, Ikat blocks, reversible brioche, diagonals, cables, dropped stitches, short rows, clever construction, curved lines and many more strategies for color knitting. Delightful, never-out-of-style stripes reach new heights when you mix them up deliberately in low-contrast colors, as in the "Lanes and Lines" sweater dress, shown at right. This issue will help you learn by doing, and unique garments will be your well-deserved reward...

Is there a special little girl in your life that dreams of being a princess? Now you can indulge her fantasy with LISA KNITS HT-032 "Frosted Princess Hat" (\$5.00, shown right). Our shop model was knit with three shades of HiKOO "Simpliworsted" yarn (\$13.95, 50 grams, 140 yards, 55% merino superwash / 28% acrylic / 17% nylon, CYCA #4). The hat is embellished with sparkly sequins and I-cord braid...

ATENTI bags are known for exciting blends of color, texture and pattern. These USA-made totes and bags feature innovative fabrics and embellishments from all over the world; from textile mills in the US, Italy, Spain and Argentina to laces and buttons from France and Great Britain. Several of our shoppals can recommend the quality and durability of the fabric from personal experience. New shipments of tote and maxi-totes in the latest available styles and fabric are now here...

If you've never knitted a toy, you might wonder why anyone would. In her new book, *52 Timeless Toys to Knit*, designer Chris de Longpre challenges you to make just one knitted toy from this collection. She thinks you'll be surprised by the fun you will have as its personality emerges, and we agree wholeheartedly. In this age of computerized and battery-operated toys that move, light up and make sounds, humble folk toys have enchanted children and inspired imaginative play. This clever menagerie of playful patterns will delight knitters of all ages. There are owls, crocodiles, snails, walruses, penguins, lambs, hens, chicks and much more. So go ahead -- knit some fun!

Check out two new arrivals from SCHOPPEL WOLLE: "Zauberwolle" (\$23.95, 100 grams, 275 yards, 100% virgin wool, CYCA #2), a beautiful marl tweed with slow color changes that look beautiful for shawls and neck wraps; and "Das Paar" (\$23.50, 100 grams, 460 yards, 75% virgin wool / 25% nylon, CYCA #2), great for knitting socks -- remember we told you about that hot colorful guy socks trend? Many of the new fingering / sock yarns for fall and beyond feature specks and spots in them for unique Fair-Isle-but-different effects. Pick up a hank and try it yourself. Kathy describes them as "Jackson Pollock" splatter colorways. Who said there is nothing new under the sun?

We always have a need for tweed. New shades of PLYMOUTH YARNS "Encore Tweed" (\$6.95, 100 grams, 200 yards, 75% acrylic / 22% wool / 3% rayon, CYCA #4) are now on our yarn shelves. Love the plum and seafoam colorways...

Kathy's "happy dance find" at the TNNA Show and Market was the POLLIKA booth, distributor of ANCIENT ARTS FIBRES. She was enchanted by the Meow and Woof yarn collections (see photo lower left), in which Blue-faced Leister wool yarn is hand-dyed to match cat and dog breeds (\$32.50, 100 grams, 437 yards, 75% superwash wool / 25% nylon, CYCA #2). ANCIENT ARTS makes a donation to benefit stray and abandoned cats or dogs with every hank sold. These collections have recently arrived, but are selling fast. Please contact us to special order your pet's colorway if available. The Folk Arts collection, inspired by a variety of needlearts, has also arrived with very unique colorations. Their "Inspired Stole" pattern (\$6.50) takes advantage of the color pooling properties of hand-painted yarns to capture the look of ocean waves rolling onto the beach at sunrise.

ANCIENT ARTS glorious hand-dyed yarns are created using only the finest quality yarn bases, inspired by nature. In Kathy's opinion, these were the most unique products at the trade show and she is delighted to introduce these fine yarns to our customers...

Cellular Stitch Pattern:

Row 4: Work as Row 2.

When your work measures approximately 24 inches, decrease as follows:

Decreases:

1st decrease: Sl 1, K2, [K2tog, yo, (K2tog) 2 times, yo, K1] 2 times, K2tog, yo, K2tog, K2.

Next Row: Sl 1, Purl to last st, K1.

Next Row: (WS) Sl 1, K to end. *15 stitches total*

When you finish the WS row of the decreases you are ready to start the Ribbing Pattern that will make

your loop. Work the following two rows for approximately 10 inches.

Ribbing Pattern:

Row 1: Sl 1, (K1tbl, P3) 3 times, K1tbl, K1.

Row 2: Sl 1, (P1, K3) 3 times, P1, K1.

Turn your work to the WS and pick up 15 bumps from your WS knit row of the decrease section.

Hold your

working needles with RS together and bind off using the three needle BO method (*see below*). By doing

this you will form a loop at the end of your scarf. (Alternatively you can BO in a method of your choice and

simply sew the BO edge to the beginning of your Ribbing on the WS to form a loop.)

To work a three needle BO: Insert a third needle into the first stitch on each of the two needles held RS

*together and knit them together as one stitch. *Knit the next stitch on each needle the same way.*

Pass the

*first stitch over the second stitch. Repeat from * until one stitch remains on the third needle. Cut yarn and*

pull tail through the last stitch.

Weave in your ends and block to open up the lace stitches. Pin or use blocking wires to form a curve in

the Counterpane Edge Pattern.

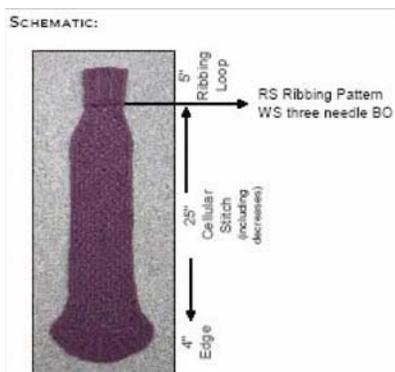

To wear wrap around your neck and tuck the end into the loop.
