JULY 2017 UPDATE

Dear Stitchers,

Sun's out! Stitching is fun, no matter what the season. Whether you are at the beach or backyard, park or poolside, don't forget to take along a knitting or crochet project to work on while you relax. Searching for the perfect summer stitching project? We can help! Our shop is filled with beautiful yarns, notions and project ideas for warm weather knitting and crocheting (and beyond).

Summer is the season for lightweight layers in natural fibers. Nothing feels better than cotton, linen or silk when temperatures start to rise. The thinner yarn and portability of projects make them convenient to take on summer travels. Lace knitting is always a favorite to beat the heat -- tank tops and shawls in airy, openwork patterns embody the essence of summer cool. Texture also adds style to easy summer knits. And, there is the ever-popular "must have" take-along pair of socks project -- ask to see our yummy new sock yarns!

Ready for a fiber adventure like no other? Please join us for ten fun-filled days "crawling" your way through the Pittsburgh and western Pennsylvania area beginning July 28! The Steel Valley Yarn Crawl will feature a "passport" to get stamped at each store. Bags and passports are available here NOW. To add to the fun, you will have lots of chances to win PRIZES! We'll be glad to fill you in on all the exciting details.

Summer is calling and we have a star-spangled promotion for you, because we strongly feel that American-made matters...

\*\*\* GREAT NEW STUFF \*\*\*

We have curated our latest collection with sunny, summer stitching in mind. The heat and humidity of summer has arrived, so the stitching should also be seasonal (maybe outdoors in a shady spot or indoors in the air conditioning). Our newest projects, patterns and yarns will provide plenty of inspiration to keep your fingers busy all summer long and then some. Don't miss out on these cool favorites with an eye towards fall...

Fall 2017 *Knitscene* (\$7.99, shown upper left) is the cardigan issue. Select from a range of classic styles -- find your perfect cardigan to wrap up in all season long. There is an excellent article on using gauge to get a great fit, as well as one on how to use slip-stitch knitting to do some wicked-cool colorful knitting. Other projects you'll love include hats, ponchos, shawls, socks, mitts, boot toppers, and more. We can't decide which one of this magazine's 16 modern essentials is our favorite, so we may need to make more than one!

Speaking of cardigans, you will need the perfect buttons for your perfect cardigan. A new selection of SKACEL BUTTONS is here! SKACEL acquired the Renaissance/Blue Moon Button Company earlier this year. They are now distributing premium quality buttons sourced from manufacturers all over the world, including buttons made from shell, wood, resin, horn, leather, plastic, glass and metal. Most of the buttons are sold individually and are located in button display tubes near Kathy's pattern design collection. It is never a problem for us to honor special request button, needle or yarn orders for you...

BERROCO's soft "Remix Light" (\$12.50, 100 grams, 432 yards, 30% nylon/27% cotton/24% acrylic/10% silk/9% linen; CYCA #3) is a DK weight version of worsted favorite "Remix" -- a tweedy, nubby blend of 100% recycled fibers, with no wool content. Ideal for both knit and crochet items, this machine-washable, oh-so denim-friendly yarn is an excellent choice for everything from sweaters to accessories...

BERROCO's "Pima 100" (\$10.50, 100 grams, 219 yards, 100% Pima cotton, CYCA #4) is an unmercerized matte finish yarn with a nice, tight twist that provides gorgeous stitch definition and superior softness. This worsted weight yarn is ideal for warm-weather knit and crochet garments including tops, cardigans and pullovers...

It's Ragg time! The ragg yarn for the 21st century has arrived in 8 new KRAEMER YARNS "Perfection Chunky" colorways! With this surprising twist on your knitting needles or crochet hook, the possibilities are as endless as your creative imagination. This unique yarn features traditional tweed flecks and a color palette ranging from pastel to dark and dusty (\$7.50, 100 grams, 120 yards, 30% domestic merino / 70% acrylic, CYCA #5, shown page 8 upper left). Each ragg color has met its match with a corresponding "Perfection Chunky" solid shade. Kathy's design "Sporty Stripes Pullover" for KRAEMER YARNS has been re-designed with the ragg and solid shades just to showcase this yarn (shown page 6).

We are pleased to announce the arrival of an original new design by Kathy for KNIT ONE, CROCHET TOO. "Malaga Pullover #2403" (\$5.50, shown lower right) is a long-sleeved pullover knit with "Allagash" yarn (\$14.95, 100 grams, 219 yards; 60% wool/20% viscose/20% nylon, CYCA #4). It features a central cable panel with simple rope cables on a staggered grid of open cables with garter stitch interior. The central panel is bordered by vertical panels of rope cables and garter stitch ladders. A wide V-neck garter neckband meets at the center front neck for a clever variation on the traditional V...

\*\*\* MORE GREAT NEW STUFF \*\*\*

Summertime knitting should be easy -- something you can take along in a tote and work on when traveling or at a sporting event. LISA KNITS "Six Simple Scarves" is just the project you need! The bonus is that you get six patterns in one! Any of the wonderful worsted weight yarns on our shelves, from summer plant fibers to winter woolies, will work beautifully with this pattern...

JAMES BRETT "Marble Chunky" (\$15.50, 200 grams, 341 yards, 100% acrylic, CYCA #5) is a machine-washable, colorful "no wool" yarn. It knits up quickly, is amazingly soft on the needles with a slightly velvety feel and a fantastic drape. With its generous yardage, it's a great economical choice for cozy sweaters, accessories, prayer shawls, charity knitting, home decor, and afghans. The color combinations are so beautiful -- four new shades will be arriving soon!

No knitter's or crocheter's tote bag is complete without a nail file for unexpected nail breakage emergencies. Coming soon are yarn-themed nail files from TRUE BRITE, complete with our Kathy's Kreations logo, so our shop info will always be at your fingertips...

New patterns have arrived from KNIT ONE, CROCHET TOO (\$5.50 each):

- "Pollen Shawl": knit with "Crock-O-Dye" (\$26.50; 100 grams; 416 yards; 65% wool/20% nylon/15% silk; CYCA #1), this crescent-shaped shawl in five sizes tells a story with its openwork patterns along the border: falling leaves, bee swarm, and a "sun" section. The top edge is worked with short rows to shape, and ends with a frilly top edge.
- "Road Trip Pullover #2407": this cute and sassy color block child's pullover with raglan sleeves is worked with "Sebago" yarn (\$7.95, 50 grams; 146 yards; 100% Australian superwash merino wool; CYCA #3). In kids' sizes 2 - 10, this would be a charming big sister / little sister or big bro / little bro duo.
- "Moroccan Baby Blanket #2406: this darling 30" X 40" DK weight blankie features colorful triangle motifs joined to make squares along the borders of a solid mid-section. Multi-colored large tassels in each corner add contemporary embellishment to the piece. This afghan would also be a good stash buster.

We are proudly introducing a new sock yarn from DREAM IN COLOR that you will love! "BFL Sock" (\$26.50, 100 grams, 420 yards, 85% Bluefaced Leister/15% nylon, CYCA #2, shown lower left in milky spite colorway) comes in an array of 14 stunning colors. This yarn combines a wonderful soft Bluefaced Leister wool with nylon to make a durable, perfect sock knitting yarn. "BFL Sock" has a soft hand and the color dye is rich and vibrant...

Speaking of DREAM IN COLOR, we have been receiving excellent feedback regarding this spring's cashmere blend yarns mini-Dream Club projects! Many of you have been asking when Dream Club will start up again. It's looks like Dream Club will be better than ever!

Every other month beginning September 2017, project kits will include some exciting options like a gradient set, multi-size skeins, speckle pairs and more. Pattern kits are all selected with exclusively-dyed colors chosen especially for that project, with a different yarn for each club. Prices will vary with the featured yarns.

Something new from DREAM IN COLOR starts every other month beginning August 2017. The "Pop-Up Skein Club" will feature a different yarn base and colorway each time. You select what project you would like to knit or crochet. We will come up with pattern suggestions that we think will look smashing, if you need a creative spark...

\*\*\* JULY KNIT ALONG \*\*\*

This month's knit along focuses not just on a pattern! BERROCO's newest shining star yarn is "Nebula", a 100% superwash merino single spun yarn with out-of-this-world color shifts that do almost all the work for you! This stellar new yarn works up at a sport weight gauge and packs more than 400 yards into each gradient cake. Even though BERROCO quietly launched it earlier this year "under the radar", it's quickly become a fan-favorite here at Kathy's Kreations. Each of the ten shades (all named for constellations that also happen to be zodiac signs) features vibrant colors that flow from one to the other. More shades are arriving in late summer. Ask to see your sign!

Which brings us to our knit along projects using this very special yarn. This month, you have your choice of three great summer knits, each of which uses just one marvelous ball: ---"Trelawny", a simple scarflette that uses decreases and eyelets to form an open, airy pattern. This long, narrow scarf will measure approximately 96" when finished. ---"G'Day Boomerang Shawl" (shown above, Ravelry Pro download) Our gorgeous sample was knit by Peggy Dailey in the Aquarius shade. About Susan Ashcroft's design, Ravelry says: "The slipped stitch pattern is very easy to knit and works well with semi-solid and variegated yarns... The pattern contains detailed instructions for two different versions: allover texture or stockinette bands alternating with textured bands." --- "Nebushawl" (shown lower right) One of our customers found this on Pinterest and we are sharing the free pattern. Created for knitters of all skill levels, this easy-to-knit shawl starts in one corner and increases along one side to create a dramatic diagonal striped triangle shawl with amazing results. Wanna knit *your* astrological sign?

We will be working on our projects every Friday in July 2017 from 10 am - 2 pm at Kathy's Kreations. If you can't make it to our Friday knit alongs, please keep up to date with postings to our "We Love Kathy's" group on Ravelry and Facebook page...

\*\*\* TRADE SHOW NEWS \*\*\*

One of our roles as your local yarn shop (LYS) is to educate and inform you of each season's key fashion trends, providing you with a wide range of project ideas, products and technical how-to's for successfully completing expressions of your creativity. At TNNA (National Needlework Association Trade Show) in Columbus, OH last month, Kathy & Facebook / Social Media consultant Vina McLeod Rudolph caught up with valued industry friends and colleagues, and made some new connections. We have many wonderful products coming your way as a result of our back and forth exchange of creativity and artistry. Some are already on our shelves, others will be arriving over the remainder of the summer, so stay in touch!

We explored amazing colors, textures, fibers & stitches at the fashion show, "Sample It!", the "New Products" display and in the vendors' booths. The hand-dyed yarns are always incredible and this year was no exception:

- DREAM IN COLOR is re-visiting some previously discontinued shades which inspired a new tonals palette. We of course ordered some in "Jilly with Cashmere" (wait 'til you touch!)
- You asked for DRAGONFLY FIBERS and we listened. We agree with our customers that the depth and richness of these hand-dyed colorways is truly amazing -- look for fingering weight "Djinni" (pronounced like "genie") and sport weight "Traveler" towards the end of summer...
- Perhaps the most unique booth from a marketing standpoint was WONDERLAND YARNS by Frabjous Fibers. The Alice in Wonderland-themed booth had us following the pink paw prints "down the rabbit hole" where we fell in love with yummy new sock wool/nylon blend "Mary Ann: A Year In Color". We also ordered new shades of "Queen of Hearts" inspired by the Land of Wonders and Tea Time...

The SKACEL booth was wonderful, as always. In addition to ordering new buttons and a variety of new "Zauberball" cotton and tonal sock colorpack yarns, we were delighted to find "Oh" yarn, a chainette chunky yarn that will be introduced in the October mystery cowl Knit Purl Hunter knit along. While we were at SKACEL, we met up with knitting friend Michelle Hunter herself, who will be teaching our Fall Fling in early October. We had a planning session and are pleased to announce that Michelle's workshop will feature swatching from her *Building in Lace* book...

Kathy was the featured Meet & Greet designer at the KRAEMER YARNS booth on Saturday afternoon, signing autographed patterns of "Sporty Stripes" (shown upper right & lower left), knit with "Perfection Chunky Ragg". The folks at KRAEMER are always so welcoming (thanks, David, Sharon and crew!). Beth Aidala cleverly came up with a nifty booth display featuring a red carpet with KRAEMER "Knitty" awards and dolls of the KRAEMER folks with Sharon "presenting" the award to their designers. Kathy's doll will be hanging around the shop during the Yarn Crawl and something special is in the works that you won't want to miss...

At the BERROCO booth, we got to meet the positively delightful owner of JAMES BRETT yarns, Mr. James Brett himself. In addition to ordering all the new shades of "Marble Chunky", we also ordered more BERROCO "Pima 100" and "Nebula" yarns...

At the BRYSON DISTIBUTING booth, we re-stocked CHIAGOO and KNITTER'S PRIDE needles and essential CLOVER goodies. We have revamped and expanded our KNITTER'S PRIDE section and more *Karbonz* are on the way. New mini-clips from CLOVER are here, which work well for keeping stitches from flipping when joining circular knitting...

- Statement sleeves -- colorwork, different texture, the action is all on the sleeves, sometimes with a plain stockinette body.
- Statement sweaters, with an intarsia message
- Lacing and cut-outs, slashing
- The shawl trend is not going away
- Embellishment includes add-on ribbons, pearls, beads, sequins, embroidery and applique.
- Tops are more cropped and boxy
- Layer, layer, layer in a single color looks very slimming
- Ruffles are re-appearing
- Big chunky hats
- Neckwear trends, scarves & fitted cowls are worn like jewelry, "sleeve" scarves
- Wraps, ruanas, and ponchos are statement pieces
- Pompoms and tassels still huge
- Mandalas in crochet are part of a spiritual trend, symbolize an enjoyment of life, work of art
- Head-to-toe knits with matching skirt, top, hat
- Marls, either created with yarn or two strands held together
- Yarn trends continue super chunky, cushy soft; brushed alpaca, a return to mohair, monochromatic layered dyeing, chainette, tonal sophisticated, colored cakes & gradients
- Chunky yarns continue to be very trendy, with some extreme knitting (giant stitches)

It was fun to meet up with industry friends, like Barb and Ann of PITTSBURGH CREATIVE ARTS FESTIVAL (we will be a vendor at next year's festival April 6 - 8, 2018, David L.
